PROFILE SUMMARY

I am a passionate and self-motivated front-end web developer with a solid foundation in HTML, CSS, JavaScript, and React. Recently completed SSC and dedicated to enhancing my skills through practical projects and continuous learning. I specialize in creating responsive, user-friendly websites and interactive web applications. With a focus on clean code and modern design principles, I aim to deliver high-quality solutions that meet client needs. I am eager to contribute to dynamic teams, take on challenging projects, and grow as a professional in the web development field.

EDUCATION

TAMIRUL MILLAT KAMIL
MADRASHA

- Secondary School Certificate
- 2023

WORK EXPERIENCE

FRONT END WEB DEVELOPER

Hablu Programmer

03/04/24-30/12/24

- Developed and maintained user-facing webpages using HTML, CSS, JavaScript, and React.
- Created custom responsive designs that optimized the website layout for various devices.
- Ensured clean, valid HTML and CSS markup conforming to industry standards.

SKILLS

- Front end web development
- Front-end frameworks
- DOM manipulation
- JSON data handling
- API integration
- HTML
- CSS
- Javascript
- React.js
- Git & Github

PROJECTS

Dragon News Website

Developed Dragon News, a responsive news-reading app using React, Tailwind CSS, Daisy UI, and Firebase for authentication. Features include dynamic news categories, responsive design, and real-time notifications with React Toast.
